August 11th charter on Orient Star!

Our 2nd charter of the year will take place on August 11th on the Orient Star out of Orient point. We will be targeting Montauk Fluke and Seabass on this extended day trip . 6am-3/4 pm This is a better option for us as a club than driving the extra half hr. to Montauk and sitting in the late day traffic thru the Hamptons on the way home later in the day. Figure on just shy of 2 hr. drive for most of us to Orient by the Sea Marina. It is recommended that you arrive 40 -60 min before departure. We ask that members try to pack as lightly as possible as there isn't as very large cabin on this boat for gear. It is summer, and we expect many will want to be outside, so we are setting the limit at 20 for this excursion. The list is almost full, so we ask that members bring a deposit for holding your spot to our next meeting on July 24th.

June Meeting Recap

Those in attendance at our last meeting enjoyed a great pizza party and a very good club meeting with nice raffles, and important information pertaining to club events and fisheries management issues. The charter sign-up sheet was put out and there were some really good reports by members who had been out fishing a lot in the weeks previous to the meeting.

F.T.C. Shootouts!

The July Fluke shootout was held against FTC and Matinecock Rod & Gun club on July 13th-15th. As a club we got out there much better and weigh in some nice fluke during this weekend which also was the weekend of our own fluke rodeo(Friday-Monday) There was a 6.38 caught by Ken Bell, a 5.8 lb. fish taken by Peter Baressi, a 3.75lb fish caught by Rico Ranieri inside the bay, and on Monday Sheila Patton took a nice 5.14 lb. fish that doesn't qualify for the inter club shootout but is in play for the club events like the rodeo and the associate yearly specie awards.

As of this writing, we have beaten FTC and are awaiting the results from the third club on the north shore, ***it looks good that we have won this event!!*** I will send out an email or announce it Tuesday at the meeting once I get word from Matinecock Rod and Gun.

Members are reminded that whether we win or lose, representing the Anglers with a good showing of angler effort and camaraderie with each other in this event is of major importance and can only improve our club going forward for all of us!

The dates for the remaining shootouts are:

August 10,11,12 fluke.

December 7,8,9 striped bass (All events are weather permitting)

It is understood that anglers may participate from charter or party boats as well as private boats or from land. This is for bragging rights and no one is expecting cheating, nor do I expect cheating from any of our members. We want to win to show we're a strong club, but the right way, so get out there and fish!

Multi-Media in the Club, When and How ?

Last Month I started an email chain for our members to get out the latest fishing reports as fast as possible to help us all improve our fishing and get more out of being a club member. I believe this to be the best way for all of us to keep up with the latest fishing reports from members and to get somewhat timely information.

This month a new multi-media tool has come into play as one of our associate members took to his phone and created a group text that went out to many members whos' cell Phone numbers are easily available to all on our rosters. The impetus for this text was more to be friendly and to talk club issues. The initial post was innocent in nature, but the group texting has created some issues; so, I have devised the following to address this:

- Please text members individually to ask permission to include in group texting
- Keep group texting to fishing related issues only as private conversations don't need to be made public
- Reports, questions on rigging and techniques are more than acceptable content
- If you find great deals on tackle, by all means share it with those in the group
- Try to remember that some of the people in the group have android phones and can't leave the group
- Some people in the group will be at work and this needs to be recognized and respected

I hope that members keep in contact with each other and also respect each other while doing so. I have been noticing some issues and the above should take care of all that. I am pleased with the friendships we are all making in the club and the camaraderie that is growing day by day! I also urge you all to remember to send some reports to me by email for the website or newsletter, which is a bit smaller this month with less content coming in.

Members Fluking around!

Photos Cont.

The crew on the "Hi-Doc" consisting of John L, Bill P, Marv & Lynn and John working the Cholera Grounds 7/20 fishing was a bit slow but the sea conditions were better than expected this day.

Also, on the 20th, Mike & Matt on the "Reel INN" drifted the Cholera and the Ab Reef bucktailing for a pick of fish with 5 keeper porgies to 15 inches, 4 released, and a couple of fluke to 22.5 inches and of course a squirrel red hake and a common Red Hake.

PRIME TIME 3 Wed. July 18th

Not many fish, but Bill P. Mike and Matt B. made the trek and had a nice day out at Orient with a few short Striped Bass, a Bluefish and a keeper 22-inch fluke for our efforts as we jigged the gut, bucktailed the Race and fluked at Gardiners. With only 6 people on the boat it was just like a private charter, fishing those waters are tough even on a perfect day off the moon, we had to use boat gear for bass and blues which was daiwa 400 h reels loaded with 80 lb. braid and Medium e glass rods, a challenge to hold and work for long periods of time.

REMINDERS:

Bluefish Derby closes 8:30 pm 7/24

Fluke Derby 2 opens 8:35 pm 7/24

Fluke Team Event 7/28 :

Members must be present at the July meeting on 7/24.

This is the meeting that the particulars will be worked out between captains and crew as such those not present can't participate.

ALL MONTHLY DERBIES END AT 830PM DURING OUR MEETINGS SO SLIPS NEED TO BE IN MIKES HANDS BY THEN. IF YOU HAVE A WEIGH SLIP FOR US AND CAN'T MAKE THE MEETING, PLEASE MAIL TO MIKE LOWENSTEIN AT 81 NEPTUNE BLVD. LONG BEACH NY 11561.

Please email photos and reports to me at wannafish@optonline.net

To have them included here in the club newsletter and on the website! Don't forget to visit
